"Honoring Our Elders"

Paws for a moment and read this ...

THANK YOU for your interest in Pet Therapy, Inc., the nonprofit organization that unites Kids, and Elders through the use of pets, by providing consistent unconditional love, to the residents of Nursing Homes and Assisted Living Facilities in the Sarasota, Venice and Bradenton areas. Our Youths become part of a loving surrogate family.

Your support is urgently needed to help us meet this demand. and we hope when you see how your contribution benefits many segments of our society; you will find it particularly satisfying to be, and continue to be, a part of this labor of love.

OUR ELDERS The Aging of America takes on new dimensions as our relatives, neighbors, and even we ourselves are reaching retirement age, just as medical science is vastly extending life expectancy. For many, these extra years in facilities will only mean thousands of extra long and lonely hours. Pet Therapy already brings smiles, laughter and helps to reduce blood pressure to over a thousand people in 20+ facilities on a weekly basis, and is working to expand throughout the state of Florida.

Your support helps us to meet the needs of our expanding elderly population.

OUR KIDS need to feel a part of something worthwhile. Pet Therapy's young volunteers develop respect for seniors, the handicapped, animals and themselves. Our "ABCD" (Adult Betterment & Child Development) is a unique Intergenerational Program designed for students within the school system and after school program(s). 'ABCD' teaches children the importance of volunteerism, eliminates the fear of age, teaches teamwork among their peers and social classes and shows the youths an immediate gratification by bringing happiness to the lonely.

Your support benefits our Youth and Our Future.

OUR ANIMALS volunteers are as varied as their human counterparts. Some are purebred pampered pets; others are getting a second chance after being rescued from a shelter. They too, need to love, and be loved.

Your support helps keep our Animal volunteers healthy & happy.

NOW THAT YOU KNOW how much your donation benefits many, we hope you will give with much love and generosity to help us continue our efforts. *We sincerely Thank those who have contributed in the past 5 years and allowed over 30 Youths to be a part of labor of love, but now, honestly...*

The isolated and forgotten need your help, NOW!
